## Who must file a Form D-30?

Generally, an unincorporated business, with gross income *over* \$12,000, must file a D-30 (whether or not it has net income). This includes any business carrying on or engaging in any trade, business, or commercial activity in DC or receiving income from DC sources.

- To determine if you need to file, please note that gross income includes revenue from all DC sources before deducting the cost of goods sold, expenses and other deductions allowed when calculating net income.
- Carrying on or engaging in a trade or business in DC is determined by the nature and extent of the unincorporated business' activities in DC conducted by its owners; members; or through employees, consultants, agents or other representatives.

An unincorporated business with gross income of \$12,000 or less must file a D-30 return for information purposes. Complete the entity portion and fill in the "Gross income of \$12,000 or less" oval.

You may have to file other DC returns. If you have other business activities with gross income of \$12,000 or less and you operated as:

- A partnership, you must file a Form D-65;
- A DC resident sole proprietor, you must file a Form D-40; or
- A DC resident trust, you must file a Form D-41

An unincorporated business with gross income in DC of over \$12,000 from any of the activities shown below, must also file an unincorporated business franchise tax return.

- Rental of real or tangible personal property; or
- Leasing of real or tangible personal property; or
- Any other similar arrangement.

### Multiple businesses

If an individual or group of individuals carries on two or more distinct unincorporated businesses in DC (none of which are exempt), they must be reported on one return. Include all income and expenses on that one return; however, you may submit separate computations to show the net income or loss of each business.

## When do you not have to file Form D-30?

You do not have to file if:

- You are an organization recognized as exempt from DC taxes.
  - In order to maintain your DC tax-exempt status, each year you must send a copy of your IRS Form 990, 990PF, or 990EZ to: Office of Tax and Revenue, PO Box 556, Washington DC 20044-0556.
  - Any unrelated business income, as defined in Internal Revenue Code (IRC) §512, is subject to the corporate franchise tax and a Form D-20 must be filed.
- The trade or business is, by law, custom or ethics, unable to incorporate.
- It is a trade or business licensed by DC to a blind person, for operating a stand in a federal building.
- You are a professional corporation, incorporated under the DC Professional Corporation Act and therefore, you must file a Form D-20.
- It is a trade, business or professional organization where:
  - 80 percent of its gross income comes from personal services actually rendered by owners or members of the business; and
  - Capital is not a material income-producing factor.

- You can determine whether you meet the 80 percent requirement if the activities of your employees, consultants and agents have or are presumed to have produced gross income for you in an amount at least equal to the gross amount paid to them. The 80 percent test is not satisfied if the amount paid to these persons exceeded 20 percent of the business' gross income.

**NOTE:** If an individual or group of individuals is engaged in two or more separate and distinct businesses during the tax year, each business is considered separate when determining tax-exempt status.

## When and where should you file your Form D-30?

File your return and pay any tax due by April 15th if you are a calendar year filer; and by the fifteenth day of the fourth month after your tax year closes, if you are a fiscal year filer. If the due date falls on a Saturday, Sunday, or legal holiday, the return is due the next business day.

Mail the return and payment to: Office of Tax and Revenue, PO Box 610, Washington DC 20044-0610. Make the check or money order payable to the DC Treasurer. Write your FEIN or SSN, D-30 and the tax year on the payment.

### Extension of time to file

You may request an extension of time to file by filing DC Form FR-128 (copy included) by the return due date. You must pay any tax liability with the extension request; otherwise, the request will be denied. Do not use the federal extension form to make this request.

## How can you avoid penalties and interest?

### To avoid penalties and interest, file your return on time

OTR will charge a 5 percent per-month penalty for failure to file a return or pay any tax due on time. The penalty is calculated on the unpaid tax for each month or part of a month that the return is not filed or the tax is not paid. The maximum penalty is an additional amount equal to 25 percent of the tax due.

You will be charged interest of 10 percent per year, compounded daily, on any tax and any additional tax you owe that is not paid on time. Interest is calculated from the due date of the return to the date when the tax is paid. Interest on any underpayment of tax will accrue even if you have an extension to file your return.

### Electronic filing required

If your tax liability exceeds \$25,000 you must file electronically. See [www.cfo.dc.gov/otr](http://www.cfo.dc.gov/otr).

### Underpayment penalties

In addition to penalties for filing late, there are penalties for *underpayment* due to *negligence*, substantial *understatement* of franchise tax liability and substantial valuation *misstatement*.

- *Negligence* means failure to make a reasonable attempt to comply with tax provisions or failure to exercise ordinary and reasonable care in return preparation without intent to defraud.
- A *substantial understatement* of franchise tax liability occurs when the understatement is more than the greater of 10 percent of the tax required on the return for the tax year or \$4,000. The penalty is an additional amount equal to 20 percent of the portion due to negligence or a substantial understatement.

- There are two types of *valuation misstatements*. A *valuation misstatement is substantial* if the correct valuation differs by 200 percent or more from the amount shown on the return. This penalty is an additional amount equal to 20 percent of the underpayment.
- A *valuation misstatement is gross* if the correct valuation differs by 400 percent or more from the amount on the return. This penalty is an additional amount equal to 40 percent of the underpayment due to the misstatement.

#### **Paid tax preparer penalty**

OTR imposes a penalty when tax liability is understated. Penalties are assessed if a paid tax preparer: prepares a return or refund claim based on an unrealistic position; should have known the applicable law or regulation; does not adequately disclose relevant facts for the position; willfully attempts to understate tax liability; or fails to sign a return or refund claim. Penalties range from \$50 to \$1,000 for each return or refund claim.

#### **Charge for Dishonored Checks**

You will be charged \$65 if your check is returned to us.

#### **Fraud penalty**

If OTR finds that part of an underpayment is due to fraud, it will presume the entire underpayment is due to fraud. You have the burden of proof to show that it is not due to fraud. If any part of an underpayment of tax is due to fraud, OTR will add a 75 percent penalty to your tax liability.

#### **Underpayment of estimated tax**

OTR will charge 10 percent per year, compounded daily on underpayments of estimated franchise tax installment payments. The charge is computed from the installment payment due date to the date when the payment is made. It is in addition to the penalty imposed for false statements. **This charge will be assessed automatically by OTR's integrated tax system.**

## **Which other DC forms may you need to file?**

#### **Qualified high technology companies (QHTC)**

If you are a QHTC, you may be eligible for a credit for costs to retrain qualified disadvantaged employees. You need to file the supporting forms to be eligible for this credit. For forms and more details, see Publication FR-399, Qualified High Technology Companies on our website at [www.cfo.dc.gov/otr](http://www.cfo.dc.gov/otr). If you are a QHTC, fill in the QHTC oval on page 1 of the Form D-30. You must also attach the QHTC-CERT form. If you are claiming a QHTC retraining credit, complete and attach your forms D-30CR and FP-332.

---

## **Explanation of terms**

#### **Business income**

Income arising from transactions and activities in the regular course of the taxpayer's trade or business is business income. This includes income from tangible and intangible property if the acquisition, management and disposition of the property are part of the taxpayer's regular trade or business operations. Income of any type — manufacturing income, compensation for services, sales income, interest, dividends, rents, royalties, gains, operating and non-operating income from any class or from any source — is business income if it arises from transactions and activities occurring in the regular course of a trade or business. Whether income is business or non-business depends on the underlying transactions and activities — the elements of a particular trade or

business. In general, all transactions and activities that depend on or contribute to the operation of your economic enterprise as a whole constitute your trade or business. Transactions and activities are those arising in the regular course of business and constituting integral parts of the trade or business.

#### **Commercial domicile**

The principal place from which you direct or manage your trade or business.

#### **Compensation**

Wages, salaries, commissions and other forms of remuneration paid or accrued to employees for personal services.

#### **Non-business income**

All income except business income.

#### **Transportation company**

Any business engaged in transporting persons, goods, or property of others for hire.

#### **Sales**

All gross receipts, including dividends, interest and royalties, considered to be business income which are not required to be allocated.

#### **Taxable in another state**

For purposes of allocation of non-business income and apportionment of business income, you must be subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business or a corporate stock tax in that other state.

---

## **General Instructions**

### **IMPORTANT**

#### **Special rules on depreciation**

You may not claim bonus depreciation or additional expenses allowed in IRC §179 for DC tax purposes. For federal tax purposes, businesses are eligible to deduct additional bonus depreciation and IRC §179 expenses. OTR does not allow additional depreciation or additional expenses for IRC §179.

#### **Office of Tax and Revenue rulings**

On July 1, 2002, the Office of Tax and Revenue (OTR) announced that it was reviewing rulings related to certain taxes. These included: income tax; franchise tax; personal property tax; sales tax; gross receipts tax; and employer withholding tax. The review did not include: excise tax, real property or tax-exempt status rulings.

From July 1, 2002 through December 31, 2002, OTR reviewed letter rulings and any OTR ruling submitted by taxpayers who received the ruling and intended to use it for tax years beginning after December 31, 2002. Generally, rulings not submitted to OTR were revoked as of December 2002. Direct any questions by phone or e-mail to OTR, General Counsel, 202-442-6500, or [OTRRuling@dc.gov](mailto:OTRRuling@dc.gov).

#### **QHTCs filing the D-30**

If you are a certified QHTC please complete Lines 1-36 of the D-30. Do not show a tax on Line 37, leave it blank.

#### **Amended returns**

You must use the Form D-30 of the year you are amending. If the return is for 2001 or later, fill in the Amended Return oval and

complete the Tax Year Ending box. Attach a detailed statement of adjustment(s). Note: Form D-2030X is obsolete for tax years after 2000.

If the IRS adjusts your federal return or if you file an amended federal return, you must file a separate amended DC return within 90 days. If the federal adjustment results in a DC tax refund, you must file within 180 days to claim the refund. It must be refunded. You may not use it as a credit carryover to the next year.

Mail the amended return and attachments to the Office of Tax and Revenue, PO Box 610, Washington DC 20044-0610.

### **Estimated tax payments**

A unincorporated business must file a declaration of estimated franchise tax if it expects its DC franchise tax liability to exceed \$1000 for the taxable year. See the Form D-30ES estimated franchise tax for unincorporated businesses booklet for details. You will be automatically assessed a penalty for any underpayment of DC estimated tax.

### **Refund offset**

If you have other DC tax liabilities, we may apply all or part of any overpayment to them.

### **Franchise tax rate and minimum tax**

The tax rate is 9.975 percent and is applied to your "total taxable income" from Line 36 of Form D-30. The minimum tax is \$100. If you are a certified QHTC, please leave Line 37 blank.

### **Incomplete forms will delay processing**

Complete all items on the Form D-30. Otherwise, OTR will send the return back to you to complete the missing information.

### **Taxable year beginning and ending**

Enter your taxable year beginning and ending dates in the areas provided on page 1. It can be either a calendar year or a fiscal year. If this is your final return, also fill in the final return oval on page 1.

### **NAICS Business Activity Codes**

Please enter the NAICS code on page 1 of your return. The codes are listed in FR-500, Combined Business Tax Registration Application. You may find the FR-500 on our website [www.cfo.dc.gov/otr](http://www.cfo.dc.gov/otr).

### **All entries on the return and attachments are dollars only**

Enter only whole dollar amounts on the tax forms and schedules. Do not enter cents.

### **Help us identify all of your forms and attachments**

Write your FEIN/SSN, tax period, business name and address on all statements submitted with your return. Your identification number is used for tax administration purposes only.

### **Signature and verification**

An authorized officer of the unincorporated business must sign the return. A receiver, trustee, or assignee must sign any return that he/she is required to file for the business. Any person who prepared the return for compensation must also sign the return and provide the requested identification number. If a firm or corporation prepares a return, it should be signed in the name of the entity. The signature requirement does not apply when a taxpayer's regular employee prepares the return.

### **Forms**

An easy and fast way to get forms is by downloading them from our website. Go to [www.cfo.dc.gov/otr](http://www.cfo.dc.gov/otr), then click on Taxpayer Service Center, then click on Tax Forms and Publications.

### **Tax fraud hotline**

Anyone suspecting tax fraud is encouraged to report such activity to the Tax Fraud Hotline at 1 800-380-3495 or by e-mail at [TaxFraudHotline@dc.gov](mailto:TaxFraudHotline@dc.gov).

---

## **Specific Instructions**

### **Negative amounts**

If you enter a negative amount on a line, fill in the oval to the left of the entry blocks.

### **Allocation and apportionment required**

Any unincorporated business carrying on a trade or business in DC and other jurisdictions must apportion its business income among DC and the other jurisdictions. Apportion the net income from trade or business activities using the appropriate apportionment formula. See Schedule F of the D-30. You must allocate your non-business income.

---

## **Non-business income allocation**

### **Non-business income**

Allocate items of non-business income to DC. The following gains and losses from sales or other dispositions are allocated to DC:

- Real property located in DC (other than realty used in the trade or business whether held for sale or otherwise);
- Tangible personal property (other than any tangible personal property used in the trade or business whether held for sale or otherwise) if:
  - The property had a situs in DC at the time of sale; or
  - Your principal place of business is in DC and you are not taxable in the situs state.
- Intangible personal property (other than intangible personal property of any kind used in the trade or business whether held for sale or otherwise) is allocable to DC if the taxpayer's principal place of business is in DC.

Allocate net rents and royalties from real property located in DC to DC.

Allocate non-business interest and dividends derived from sources in DC to DC unless specifically excluded from taxation and subject to apportionment as business income.

Allocate to DC, non-business income from rents and royalties from patents, copyrights, trademarks, service marks, secret processes and formulas, franchises and other like property (if not used in the trade or business). These royalties are allocated according to the patent's location or place of use, or where the copyrighted material is published or used. If DC is the principal place of business of a business entity, not subject to tax anywhere else, then the rent or royalty income is allocable to DC.

Income from the sale of tangible personal property to the United States Government by a business that has its principal place of business outside DC is income from DC sources if the property is delivered from outside DC for use in DC.

All other non-business income derived from sources in DC is allocable to DC.

Where income is allocable among DC and other jurisdictions, you must allocate all expenses, losses and other deductions incurred in the production of the income in the same way. Losses incurred in the production of non-business income are allowable if the transaction's profits would be taxable.

## Gross Income

### D-30, page 1, line-by-line

#### Line 1 Gross receipts, minus returns and allowances

Enter the total gross receipts from sales and operations, minus returns and allowances.

#### Line 2 Cost of goods sold and/or operations

Enter the figure from Schedule A, Line 8. If the production, manufacture, purchase, or sale of merchandise is an income-determining factor in the trade or business, you must inventory merchandise at the start and end of the tax year. You may value them at your cost or at the lower of cost or market, or by another IRS-approved method. You must continue to use the inventory method you choose until you get permission from OTR to change. If the inventories do not agree with the balance sheet figures, attach a statement explaining the reason for any difference.

**Cost of Operations** (where inventories are not an income-determining factor): If the amount entered on Line 2, page 1, includes an amount applicable to the cost of operations, attach a statement showing: (1) salaries and wages; and (2) other costs in detail.

#### Line 3 Gross profit

Line 1 minus Line 2. Enter the result on Line 3.

#### Line 4 Dividends

Enter the total of all taxable dividends. You may deduct Subpart F income (as defined in IRC §952). Attach a detailed statement showing the calculation of the taxable amount.

#### Line 5. Interest

Enter all interest which the business received or is credited with during the tax year, including interest paid on obligations of a State, Territory of the United States, or any of their political subdivisions, except those of DC. Include expenses incurred with the purchase or production of income from U.S. Treasury securities on Line 29(b). (Attach a detailed statement.)

Exclude interest income on obligations or securities issued by the United States or its instrumentalities if it was included in federal gross income.

#### Line 6 Gross rental income

Enter here the gross amount you received from real or personal property rental from Line 7, Column 3, of Schedule D, Form D-30. Do not enter rental income on Line 26(a) that is related to a trade or business.

**Note:** DC does not allow the additional federal bonus depreciation allowed under federal law. If you claimed this depreciation on your federal return, reduce the depreciation you claim here by that amount. Attach a computation showing that your DC claimed depreciation does not include the 30 or 50 percent bonus depreciation and that the basis of the depreciated property for DC tax purposes has not been reduced by the bonus depreciation

amount claimed. DC also does not allow additional IRC §179 expenses. If you claimed these expenses on your federal return, reduce your expenses on your D-30 by that amount.

#### Line 7 Royalties

Report royalty income and related expenses in the same manner as rental income and rental expenses. Royalties from patents you developed from the licensing of processes or a trade name and sales of know-how are business income.

#### Line 8(a) Net Capital Gain (Loss)

Capital gains or losses are treated in the same manner as they are for federal corporation income tax purposes. (See detailed instructions on Federal Schedule D, Form 1120, Corporation Income Tax Return.) Report IRC §1231 gains as business income on Line 8(a).

**Note:** Since the 30 and 50 percent federal bonus depreciation is not allowed for DC tax purposes, recalculate the capital gain/loss reported on your federal return without taking into account the federal bonus depreciation amount. Attach a statement showing the adjustments.

#### Line 8(b) Ordinary gain (loss) from Part II, Federal Form 4797

Enter the total ordinary gain (or loss) from your federal Form 4797 Sales of Business Property. Attach a copy of your Form 4797.

#### Line 9 Other Income

Enter the total income not reported elsewhere on the return; attach a detailed statement. Do not enter on Line 26(a) other income related to a trade or business. Enter it on line 9.

#### Line 10 Total gross income

Add lines 3 through 9.

---

## Deductions

Deductions are allowed if they are ordinary and necessary and directly related to business income as explained in these instructions. Deductions must not be taken on this return for interest, taxes, contributions and other itemized deductions normally deductible on individual income tax returns filed by owners or members of the unincorporated business.

#### Line 11 Salaries and wages

Enter all salaries and wages not deducted elsewhere on the return.

- Do not include compensation of the owners/members of the unincorporated business.
- Do not include wages used to compute the Economic Development Zone Incentives credit.

#### Line 12 Repairs

Enter the cost of incidental repairs, including labor, supplies and other items that do not add to the value or appreciably prolong the property's life. You may charge to a capital account, expenditures for new buildings, machinery, equipment and/or permanent improvements or betterments that increase the value or appreciably prolong the life of the property.

#### Line 13 Bad debts

Report bad debts in the same manner as you report them for federal tax purposes. Attach a copy of the information you submitted with your federal return.

**Line 14 Rental expenses related to rental income** *from Schedule D, Column 6, Line 8, Form D-30.* Do not include the additional federal depreciation. Do not deduct elsewhere in this return expenses related to rental income.

**Line 15 Rent**

Enter the amount of rent paid or accrued for business property in which the unincorporated business has no equity.

**Line 16 Taxes**

Enter taxes imposed on taxpayers as reported in Schedule C of Form D-30. Do not deduct these taxes:

- Income and excess profit taxes,
- Franchise taxes imposed by the unincorporated business tax law, or
- Taxes assessed against the property for local benefits of a kind tending to increase the value of the property assessed.

**Line 17 Interest expense**

Enter interest paid or accrued on business debt. If any interest income is not subject to the unincorporated business franchise tax, then the related interest expense is not deductible.

**Line 18 Contributions or gifts**

Enter from Schedule B, page 3 of Form D-30, contributions or gifts made to qualified organizations in the tax year. This deduction may not exceed 15 percent of the net income, (Line 23), of the business before the contributions or gifts are deducted. Attach a separate statement detailing information about contributions and gifts. Contribution and carry-overs are *not* allowed.

**Line 19 Amortization**

Enter the amortization amount from your federal Form 4562 Depreciation and Amortization. Attach a copy of your Form 4562 to your return.

**Line 20 Depreciation**

Enter the depreciation amount from your federal Form 4562. Do not include amounts deducted on Line 14 or elsewhere on this return. You must use on your DC return the same depreciation method used on your federal return. Attach a copy of your Form 4562.

You must recapture depreciation on your D-30 from the sale of an asset that caused the unincorporated business to terminate. Report any gain in excess of the recaptured amount on the individual income tax returns of the owners or members.

**Note:** If you claimed the bonus depreciation or additional IRC §179 expenses on your federal return, reduce the depreciation you claim here by that amount. Attach a computation showing the reduction.

**Line 21 Other allowable deductions**

Enter the amount from Schedule G, page 4 of the Form D-30.

**Line 22 Total deductions**

Add lines 11–21 and enter on Line 22.

**D-30 page 2, line-by-line**

**Line 23 Net Income**

Subtract Line 22 from Line 10; enter the amount on Line 23

**Line 24 Net operating loss deduction**

Enter any DC net operating loss carried forward from a year before 2000. DC does not allow a net operating loss carryback.

**Line 25 Net income after net operating loss deduction**

Enter the combined amounts from Lines 23 and 24. Also enter this amount on Line 31, if it is entirely from a DC trade or business. Fill in the oval if the amount is a minus.

**Line 26(a), (b) and (c)**

Report on Lines 26(a) and 26(b) non-business income and related expenses. Include expenses connected with the production of income from U.S. Treasury securities on line 26(b). Enter the net difference on Line 26(c). Submit a detailed statement explaining how you allocated the income and expenses.

**Line 27 Net income from trade or business subject to apportionment**

Subtract Line 26(c) from Line 25. Enter the amount on Line 27.

**Line 28 DC apportionment factor**

Enter the factor computed on Schedule F, Line 5.

**Line 29 Net income from trade or business apportioned to DC**

Multiply the amount on Line 27 by the apportionment factor on Line 28. Enter the result on Line 29.

**Line 30** Enter the portion of Line 26(c) attributable to DC on Line 30.

**Line 31 Total District net income (loss)**

Add Lines 29 and 30. Enter the result on Line 31.

**Line 32 Minus: Salary for owner(s)/member(s) services**

See Schedule J, column 4 on page 5. You may deduct a reasonable amount for salaries or other compensation for personal services actually rendered by the owner(s) or member(s) of the business in the active conduct of the business.

- The reasonable amount for owner(s) and members(s) is reduced by any fees paid to an independent management or collection entity for management services performed for the business.
- Do not claim an amount accrued to an owner(s) or member(s) as a drawing account unless it is for services actually rendered.
- The aggregate deduction allowed for salaries or other compensation may not exceed 30 percent of Line 31.

**Line 33 Exemption**

An exemption of up to \$5000 is allowed.

- Enter the number of days this return covers in the boxes on Line 33(a). If it is a full year enter 365 days and enter \$5000 on Line 33.
- If the return is for less than a full year, prorate the exemption by dividing the number of days entered on 33(a) by 365 to arrive at a percent. Multiply \$5000 by that percent. Include a statement showing your calculation of the exemption amount. Also enter this amount in Schedule J, column 5.

**Line 34 Total taxable income**

(before the apportioned NOL deduction)

Subtract Lines 32 and 33 from line 31. Enter the result on Line 34.

**Line 35 Apportioned NOL deduction**

Enter the amount of DC apportioned net operating loss carry forward for years 2000 and later on Line 35.

**Line 36 Total taxable income**

Enter the result of Line 34 minus Line 35.

**Line 37 TAX**

Calculate the tax by multiplying any positive amount on Line 36 by .09975. Enter the result on Line 37.

**Minimum Tax** – If your business has gross income of *more than \$12,000 (Line 10)* and Line 36 shows taxable income of less than \$1003, your minimum tax is \$100. Enter this amount on Line 37.

If your business has gross income of \$12,000 or less (*Line 10*) and you are filing only to satisfy the information requirement – the minimum tax does not apply. Complete only the personal information section of the D-30 and fill in the “Gross Income of \$12,000 or less” oval. Leave the rest of the form blank, including Line 37.

**NOTE to QHTC Filers:**

If you are a QHTC, your D-30 return is exempt from the franchise tax. The minimum tax does not apply. Complete Lines 1 through 36 and leave Line 37 blank. Attach a copy of your QHTC-CERT form to your return and fill in the QHTC oval on page 1.

**Line 38 Minus payments and credits**

Enter amounts paid or credits from:

- Your request for an extension of time to file (or your original return if you are filing an amended return),
- Estimated tax payments (Form D-30ES), also include any carryover from your 2003 D-30 return, or an Economic Development Zone Incentives credit from the worksheet on page 12.
- QHTC business tax credit from D-30CR, line 6.

**Line 39 Total of Lines 38(a), (b), (c) and (d)**

Add Lines 38(a), (b), (c) and (d) and enter the result.

**Lines 40 to 44(b)**

Follow the instructions on the form.

**Form D-30 schedules****Schedule F – DC Apportionment Factor**

An unincorporated business engaging in a trade or business both in and outside DC must use property, payroll and sales as the three factor formula to apportion its business income.

Unincorporated businesses domiciled in DC and not subject to tax elsewhere must report 100 percent of their net business income and allocate 100 percent of their non-business income to DC.

Unincorporated businesses carrying on a trade or business in DC and in other jurisdictions must apportion trade or business income to DC. Multiply the total income by a fraction. The numerator is the property factor plus the payroll factor plus the sales factor. The denominator is three, reduced by the number of factors without a denominator.

- **Property Factor**

The property factor is a fraction; the numerator is the average value of real and tangible personal property you owned or rented and used in DC during the tax year. The denominator is the average value of all real and tangible personal property you owned or rented during the tax year. Do not include in the numerator or the denominator, any property or portion of property, not used to produce business income.

**Transportation companies.** The numerator also includes the portion of the average value of vehicles, rolling stock, aircraft, watercraft and other equipment used during the taxable period to transport persons and property both in and outside DC. This portion is determined by comparing the total miles per unit of equipment traveled in DC compared to the total mileage traveled everywhere by each class of property.

**Railroad companies** – the classes of property are those you must report for DC personal property tax purposes (DC Code §47-1512).

Where property is used in any activity the income from which is allocable or apportionable, you may use (or OTR may require) any method that properly reflects the portion of the average value used to arrive at the property factor. This is subject to the approval of OTR.

Property you own is valued at its original cost to you plus the cost of any additions and improvements. If you cannot determine your original cost or if the cost is zero, value the property at its market value when you acquired it. Property rented to you is valued at eight times the net annual rental. (The annual rental you paid is decreased by any annual rental you receive from sub-rentals, provided the rental and sub-rental rates are reasonable.) Include in the annual rental, amounts paid or accrued for the use or rental of property or facilities of another. This net annual rate includes amounts whether paid as rent, as reasonable compensation for use or under any other designation, pursuant to statutory enactment, lease, or rental agreement of any kind, contract, or otherwise. Do not include payments for leased property capitalized for federal tax purposes as rent. You may only include these payments in this factor to the extent of their capitalized value for federal tax purposes. If OTR determines that any net annual rental rate or sub-rental rate is unreasonable, or if a nominal or zero rate is charged, OTR may determine and apply a rental rate that reasonably reflects the property's rental value.

To determine the property's average value, average the values at the start and end of the tax period. You may, if necessary, use monthly or quarterly values during the tax period, to properly reflect the average value of the property (subject to OTR approval).

- **Payroll Factor**

The payroll factor is a fraction; the numerator is the total compensation you paid to or accrued for persons performing services for you in DC during the tax year. The denominator is the total compensation you paid or accrued everywhere during the tax year. However, do not include in the numerator or denominator, any compensation paid or accrued to employees for personal services rendered in the production of non-business income. Compensation paid or accrued other than in cash, is valued at its fair market value on the date of payment or accrual. Do not include payments to independent contractors in this factor.

**Transportation companies** — the numerator of the payroll factor in addition to that described above, also includes that portion of the total compensation paid or accrued to employees employed on vehicles, rolling stock, aircraft, all watercraft, and other equipment you used during the taxable period to transport persons and property between DC and other jurisdictions. To determine this factor, apply the percentage computed (as in the property factor above) to the total compensation.

If you pay or accrue compensation for services, which generate income that can be allocated or apportioned, you may use any method that will properly reflect the average value used to calculate the payroll factor. The method you choose is subject to OTR approval.

Compensation is paid or accrued in DC if:

- the individual's services are performed entirely in DC; or
- the individual's services are performed in DC and other jurisdictions, but the services performed outside DC are incidental to the individual's services performed in DC; or
- some of the individual's services are performed in DC and:
  - (1) the base of operations or if there is no base of operations, the place from which services are directed or controlled, is in DC; or
  - (2) the base of operations or place from which services are directed or controlled is not in DC, or in any state where some part of the services are performed, but the individual's residence is in DC.

#### • **Sales Factor**

The sales factor, except for transportation companies, is a fraction; the numerator is the taxpayer's total sales in DC during the tax year. The denominator is the taxpayer's total sales everywhere during the tax year.

**Transportation companies** — the sales factor is a fraction; the numerator is the total of revenue units the company first received as originating or connecting traffic at a point in DC. Add to this the total of revenue units the company discharged or unloaded at a point in DC, at the termination of the transportation movement or for transfer to a connecting carrier. The denominator is twice the total of revenue units originated everywhere during the tax year. One ton of freight equals one revenue unit; ten passengers equal one revenue unit. If the company's revenue is predominantly from transportation of passengers, you may use the number of passengers loaded and discharged, in place of originating and terminating tonnage.

Tangible personal property sales, including sales to the United States Government, are considered to occur in DC, no matter where title is transferred, FOB point, or other sales conditions, if the property:

- Is delivered or shipped to a purchaser in DC; or
- Has an ultimate destination in DC, after all transportation (including any by the purchaser) is complete; or

- Is delivered or shipped from an office, store, warehouse, factory, or other storage place in DC to a destination outside DC — and you are not taxable in the state to which the property is shipped or delivered.

Except for transportation companies — non-tangible personal property sales are considered to occur in DC if the income-producing activity or service is performed:

- In DC; or
- The proportion of the income-producing activity or service performed in DC is greater than that performed in any other jurisdiction, based on performance cost.

**Schedule H – Income not reported** (claimed as nontaxable) – (page 4 of Form D-30)

List all income of the unincorporated business that you consider not subject to the unincorporated business franchise tax. State why the income should be considered nontaxable.

**Schedule I – Balance sheets** (page 4 of Form D-30)

Submit balance sheets for the start and end of the tax year. Conform them to the unincorporated business' books and records and your federal return. Attach an explanation of any variation.

**Supplemental information** (page 5 of Form D-30)

Please provide all the information requested in this schedule.

**Schedule J Distribution and Reconciliation of Net Income (or Loss)** (Page 5 of Form D-30)

Furnish all information requested. Under provisions of DC Code §47-1805.01(a), you must enter the SSN of each of the owners. The SSN is necessary for the proper identification of an owner's tax account with DC and will be used only for tax administration purposes. Any additional names, SSNs, etc. may be listed on an attachment filed with the return.

#### **General**

If using the income allocation and apportionment rules results in a tax that does not fairly represent your tax liability arising from your trade or business in DC or from non-business sources in DC, you may petition for, or OTR may require, if reasonable:

- a separate accounting, unless the entity is conducting a unitary business;
- exclusion of one or more of the factors;
- inclusion of one or more additional factors that fairly reflect the extent of your trade or business in DC; or
- use of any other method to effect a fair allocation and apportionment of your income.

## Economic Development Zone Incentives Credit

**Supporting Documentation Required** If you are claiming an Economic Development Zone Incentives (EDZI) credit against your DC franchise tax liability, you **MUST** attach to your return:

1. a copy of the DC Council resolution approving the qualification for any credits claimed;
2. a certification of eligible employees issued by the DC Department of Employment Services; and
3. a completed EDZI Credit Worksheet.

The EDZI Amendment Act allows a qualified business, under certain circumstances to take various credits against its franchise tax liability. (The maximum annual credit is \$7500.) A qualified business is one that is approved as being qualified under Section 5 of EDZI by the DC Office of Economic Development. You **MUST** complete the worksheet below and include the necessary attachments with your return. The following credits are available under EDZI to qualified businesses:

1. a credit against the franchise tax in an amount equal to 50

percent of the wages of all certified employees who meet the requirements of Section 10(b) of EDZI;

2. a credit against the business' franchise tax in an amount equal to 50 percent of the insurance premiums attributable to all employees for whom it obtains employer liability insurance under the District of Columbia Worker's Compensation Act of 1979; and
3. a rent credit for lessors against the business' franchise tax. The credit allowed is the difference between the rental market value of the space leased to a licensed non-profit child care center and the actual rent stated in the lease agreement as indicated in the DC Council resolution approving the qualification of the business. A non-profit child care center is a child development center as defined in Section 10 of EDZI.

A credit carry forward for five years is available for any EDZI credit not used in a previous year. The maximum amount that may be claimed in any year is \$7500, including any carry forward.
